

Donna Plitt

If there's one thing to know about Donna, it's that she loves to have fun! Throwing a snowball or shooting her nerf gun in the office is just one simple way to bring laughter to her day.

Donna started on staff in January 2011 and her role has evolved into much more than office administration. She has a God given heart for people, and she loves to care for her church family through a listening ear, words of encouragement, and especially praying for them. Whether a visitor at the door or a call on the phone, she gladly shows Jesus' love in these ways.

Donna and her husband Doug enjoy serving together at NLCC in various ways. They especially enjoy sharing their gift of hospitality with family and friends on their acreage. It's a gathering place where many meals are shared, a cup of coffee is endless, and great conversation, fun and fellowship happens.

They are blessed with two sons, one daughter-in-law and three amazing grandchildren.

Donna celebrates 10 years on staff this year and is looking forward with anticipation to what God has planned for NLCC in 2022!
